.....		

Louis Glass and *William* S. Arnold being duly sworn, each for himself and not one for the other, deposes and says: that he is a party to the Interference declared by the Commissioner of Patents on the 14th day of November 1890, between the application H. R. & T. Conyngton for Coin Operated Phonograph; their application for improvement in Numismotor Phonograph, filed the 15th day of February 1890, Serial No. 340,627; and the application of H. Hoeschen, for improvement in Automatic Coin Controlled Phonograph Service; that they conceived the invention set forth in the Declaration of Interference on or about the month of July 1889; that on or about said time they made drawings of the invention; that during the month of July 1889, they explained the invention to others; and that they made a full size model embodying said invention on or about the month of August 1889, which machine has been in continual use ever since, and from which a number
